

63 Gardner Circuit Singleton, NSW

AFFORDABLE VACANT BLOCK

A great opportunity to secure a vacant block located in an established area of Singleton Heights. This approx.. 784m2 near level vacant block also has a few extras already in place. A double colourbond shed complete with power, lights & driveway is a great headstart & cost saving. Town water is also connected & perimeter gardens & lawns are very established. Fully fenced & on the high side of the street this block represents good value with some great improvements already in place.
